25X1

Pursuant to your request, I have asked contracting officers having cognizance of contracts with companies listed in reference to review their records for any possible conflict of interest situations involving the Director of Central Intelligence (DCI). These contracting officers have completed their reviews and have certified that all such contracts were processed in accordance with existing Agency regulations and that they are unaware of any interest or involvement by the DCI relative to these contracts. These certifications are on file in the Procurement Management Staff, Office of Logistics. Based solely on this information, I have no reason to believe that the DCI has in any way influenced the award or administration of these contracts or that these contracts were awarded or administered other than in strict accordance with existing Agency regulations.
